PROFILE

Passionate and detail-oriented Full Stack Developer with hands-on experience in building responsive web applications using HTML, CSS, JavaScript, Bootstrap, Python, Django, Flask, and MySQL. Adept at both frontend and backend development, I enjoy turning ideas into functional, user-friendly digital solutions. I thrive in collaborative environments, continually seek to improve my skills, and am driven by a desire to solve real-world problems through technology. Committed to writing clean, maintainable code and delivering high-quality web solutions on time.
